

Moving back to Meigh Mansbridge & Co Accountants was definitely a calculated decision for Stuart

Stuart Thomas (right) and Mike Cushing pictured with the impressive list of their corporate clients.

Stuart Thomas joined Meigh Mansbridge & Co (MMC) Accountants as a Junior Accountant in 2003 at the age of just 17 after leaving Hanley Castle High School. He remained with MMC for 8 years, working his way up to the position of Semi-Senior Accountant. In 2011 he decided to leave MMC to gain experience working for larger companies. He spent the next 6 years working for Hazlewoods, a large Accountants in Cheltenham, and Velcourt Ltd, based in Ledbury.

Stuart always had the desire to return to MMC once he had gained experience, and in July 2017, the opportunity arose for him to move back, becoming Partner with Mike Cushing in March of this year. An impressive transition from ‘apprentice’ to ‘owner’ in just under 15 years!

Mike joined MMC in 1992, joining original Partners, Roger Meigh and Kevin Mansbridge after having trained in Hereford, specializing in the Farming Industry. The firm have been established in Malvern for over 40 years. Roger and Kevin opened their first office at Link Top, along the Worcester Road.

They moved to Link Business Centre 15 years ago. Their office there has provided them with the extra space they required to enable them to increase staff levels and grow the business. Along with professional meeting rooms and ample space for parking and storage, it has proved to be the ideal conveniently situated location for both staff and especially clients.

Since moving to Link Business Centre, they have built up a portfolio of over 650 clients, both corporate and the self-employed, from many trade sectors, including Construction, Manufacturing, Retail, Entertainment & Recreation, Technology most of whom are local to the Malvern area. On average, they have been attracting 25 new clients each year, all through recommendation. They pride themselves on providing a very personal and flexible service to all their clients and offer professional advice enabling them to focus on the success of their business and peace of mind that their affairs are in good hands. Link Tools Trade Show certainly proved to be the place to find 'the right tool for the job'!

Steve Metcalfe & Gary Looker, owners of Link Tools Ltd (Units 14 & 15) recently held their 5th Annual Trade Show which proved to be a great success with both customers and suppliers. The show, which was promoted across Worcestershire, attracted over 100 visitors, generating several lucrative orders from local tradesmen who took advantage of the exclusive Show deals.

Many big name suppliers, including DeWalt, who have been demonstrating their wide range of new products at every show, since the first one in 2014, were present at the show.

Gary (left) and Steve

"Link Business Centre is a very friendly working environment where tenants help each other out. We would like to say a big thank you to Morris (Morris' Mini Motors, Unit 13) and Paul Webb (G Webb Automation, Unit 11B) for kindly letting us use their frontage. Without their help we wouldn't be able to put on such a large, successful show." Gary Looker. **For more information: www.linktoolsltd.com**

Lewis Allard of Steve Allard of & Son Stonemasons was one of many local tradesmen who attended.

"The show was a great opportunity to view the more extended range of items that suppliers have on offer, and to provide them with valuable feedback on their products. We have been dealing with Link Tools for over 15 years – purchasing 90% of our tools from them – and have always been extremely pleased with the service they provide. We are a specialist Stonemasonry company, and use a wide variety of tools. If we explain to Gary and Steve what we need, they always manage to find exactly the right one for the job, and they even arrange to get our favourite tools repaired when they get old." Lewis Allard

Steve Allard & Son Stonemasons have recently completed decorative renovation work on the Priory Steps, Abbey Road in Great Malvern. Work that they were commissioned to do by Outside Studios of London, as part of The Route to the Hills project, funded by the Heritage Lottery Fund. The project aims to develop a heritage 'route' that will tell the stories of the town and stimulate people's understanding and appreciation of Malvern's outstanding natural, built and cultural heritage. By celebrating the town's heritage and strengthening the links between the town centre and the hills, the project hopes to stimulate lasting economic benefits.

Lewis, pictured left and Ollie prepare to place the final block of stone to complete the steps
